

Mr Bond

Hi, I'm Mr Bond and I can't wait to be your teacher this year.

I have been a teacher here at Bursley for 9 years now and I was a pupil here when I was a child too!

I have a wife and two beautiful daughters called Katie and Elsa.

We have lots of fun in my class and we are very competitive when we have whole school challenges!

We have lots of class discussions and I try to help everyone feel confident in sharing their ideas. In year 6, we work hard to make good progress and also have lots of exciting things to look forward to.

My favourite sport is basketball and I also like going swimming. You'll often see me challenging the pupils to a game of basketball at break time.

Some of my other hobbies are fishing, cycling and playing computer games.

I hope that you are looking forward to learning lots of new and interesting things and are ready to challenge yourselves.

I hope that you will enjoy your time in year 6 and I look forward to seeing you soon!
